MEET THE FAMILY

Readership by profession

Readership by sector

Every month *Parking Review* provides unrivalled news, views and analysis of the latest developments in both the on and off-street parking sectors. The magazine is read by management level professionals in public and private sector parking management and covers everything from local authority parking enforcement to the refurbishment of multi-storeys, residents' parking permit schemes and the management of shopping centre car parks.

Since its beginnings in 1989 as a bi-monthly journal our family has grown to include *The Enforcers* and key annual events such as the **British Parking Awards**, **Enforcement Summit** and **Parking Management Conference** — events that offer a number of effective advertising, exhibition, sponsorship and promotional opportunities enabling you to engage with an audience of parking managers, facility managers, consultants, developers and other key players in the sector.

Our website – www.parkingreview.co.uk – provides live news, products and services listings, events and a wealth of archive information. It is the perfect platform to reach even more potential clients. We can usually place your advertisement online within 24 hours — so you can get results fast.

We are only too pleased to discuss how we can create bespoke packages that complement the message that you want to communicate to this fast-growing and vibrant sector. Besides our excellent print and online display, classified and directory advertising, we can offer you a wide range of other ways of reaching our readership, including bound and loose inserts, cover-mounts, company profiles, email alerts and direct mail. If you don't see the option you want printed just ask and we will devise a bespoke solution.

parkingreview.co.uk

Our new look website comes with all you would expect from a magazine-based site. With up-to-the minute industry news, jobs and tender advertising, directory and event listings, it's the must visit website for parking and enforcement professionals.

The site features:

- Interactive classified directories
- Banner and skyscraper advertising positions
- Button advertising positions
- Frequent news updates
- Word searchable archives
- Parking events calendar
- Essential links
